

Engineering - Electrical & Electronic Servicing

Electrical & Electronic Servicing Levels

LEVEL 1	LEVEL 2	LEVEL 3	LEVEL 4	APPRENTICESHIP	ADVANCED APPRENTICESHIP
	●	●			

Overview

Both companies and consumers rely heavily on electronic equipment for their everyday life and day to day running of business.

Who would benefit from this qualification?

This course is suitable for those who install and service electrical and electronic appliances on the customer's premises or in a workshop environment. Equipment to be serviced could include domestic appliances and home entertainment systems.

Course Content

There are three pathways:

- Signal reception
- Consumer/commercial electronics
- Domestic appliance servicing

Entry Requirements:

There are no formal entry requirements for candidates undertaking this NVQ, however employers must ensure that candidates have the potential and opportunity to gain evidence for the qualification in the work place.
