

## Wood Occupations - Bench Carpentry

### Wood Occupations - Bench Levels

LEVEL 1	LEVEL 2	LEVEL 3	LEVEL 4	APPRENTICESHIP	ADVANCED APPRENTICESHIP
	●	●			

### Overview

The UK Construction industry is one of the largest in the world and makes a vital contribution to the economy. However, there is a skills shortage in the industry and this work-based course ensures that staff meet national standards.

### Who would benefit from this qualification?

This course is aimed at Apprentices/trainees and adults who are currently employed within the bench joinery area of the construction industry.

### Course Content

This course is designed to enable students to set out and assemble all joinery items and to identify different timbers.

The following will be covered on the course:

- Manufacturing joinery products
- Marking out joinery items from drawings
- Producing setting rods, enabling doors, windows, stairs and cabinets to be made accurately

### Entry Requirements:

There are no formal entry requirements for candidates undertaking this NVQ, however employers must ensure that candidates have the potential and opportunity to gain evidence for the qualification in the work place.
