

## Warehousing, Storage & Logistics

### Warehousing, Storage & Logistics Levels

| LEVEL 1 | LEVEL 2 | LEVEL 3 | LEVEL 4 | APPRENTICESHIP  | ADVANCED APPRENTICESHIP |
|---------|---------|---------|---------|---|-------------------------|
|         | ●       | ●       |         |  |                         |

### Overview

This is a practical occupation with a lot of variety which comes from both the people you deal with and the types of stock you handle. You will be dealing with drivers and customers and could be handling stock as diverse as chemicals, motor spares or office equipment. Although the work is not office bound you will deal with paperwork and computerised stock control systems.

### Who would benefit from this qualification?

This qualification is aimed at those working in any environment where the warehousing or distribution of goods is involved. This could range from large multiple warehousing/distribution operations through to small distribution setups from small companies who have a storage & distribution area to their business.

### Course Content

A variety of skills such as:

- Health & Safety
- The Importance Of Teamwork
- Maintaining Effective Records Of Goods/ Stock In Storage
- Selecting Items/Stock For Bulk Orders
- Quality Checking Of Goods

### Entry Requirements:

There are no formal entry requirements for candidates undertaking this NVQ, however employers must ensure that candidates have the potential and opportunity to gain evidence for the qualification in the work place.
