

## **NEWS RELEASE! NEWS RELEASE! NEWS RELEASE!**

### **CRC IS ON YOUR WAVELENGTH**

Thursday 14<sup>th</sup> August 2008

**Cambridge Regional College is holding two special advice sessions for students who are receiving their exam results over the next week. A team of dedicated Careers and Education advisors will be on hand to assist and advise students with their next choice of full time education.**

This is a nervous time for many students and it is important that they are clear about the options available to them. Head of Services to Students, Jackie Cannell explains: *"Sometimes results mean a change of plan, but we want to let students know that there is no need to get disheartened. It is important to seek advice about the options still open to you and we're here to lend a helping hand."*

The College has a team of Careers and Education Advisors, which will be available to provide students with information and advice regarding the next step in their education. Students will also be able to find out information about other aspects of College life, such as transport, facilities provided and financial issues. Also, find out whether you can get paid to come to college!

If you have recently received your results and are unsure about your next step, please visit one of the College's Advice Days on Friday 22<sup>nd</sup> and Tuesday 26<sup>th</sup> August between 9.30 am - 1.00 pm at the Science Park Campus, Kings Hedges Road.

CRC offers the largest and most comprehensive range of vocational courses in Cambridgeshire. So come along to one of our advice days – "we're on your wavelength"!

For more information, please call the Information and Advice Team on 01223 226315/418249.
