

PRESS RELEASE! PRESS RELEASE! PRESS RELEASE!
**LOCAL COLLEGE MEMBER GAINS PRESTIGIOUS
IT AWARD**

Monday 23rd February 2009

A member of staff at Cambridge Regional College (CRC) has been awarded with a prestigious award to celebrate his outstanding performance in the Information Technology sector.

John Pritchard in the Learning Shop

John Pritchard, Head of the Learning Shop at CRC, was awarded a City and Guilds Medal of Excellence for “Outstanding Performance” in the Information Technology sector, for the Eastern and East Anglia region.

On winning the award, John said, “This has been a great reward for the team and is reflected in how they support me in my efforts to grow the provision. Without their flexibility and professionalism this would not have been possible.

Furthermore, the CRC Senior Management Team has provided the backing and vision needed to achieve all that we have”.

The Medals of Excellence programme, run by City & Guilds, recognises and rewards exceptional people who really stand out in their work environment. A competition Judge said, “This is the first time in all the years I have been a judge for these awards that I have found myself giving the nomination full marks”.

Steve Caley, Vice Principal and Director of Employment & Skills at CRC said, “This is fantastic news for both John and the College. It is highly deserved and a fantastic achievement”.

The College offers a range of City & Guilds computer courses, such as Word Processing, Databases and PowerPoint, which are part of the overall Information Technology Qualification (ITQ).

John, along with his friends and family, will be invited to a local awards ceremony in March, where he will receive a golden medal and certificate. He will also be invited to the Medals for Excellence dinner in April where he will be in the running for one of eight prestigious Lion Awards.
