

Equalising Opportunities

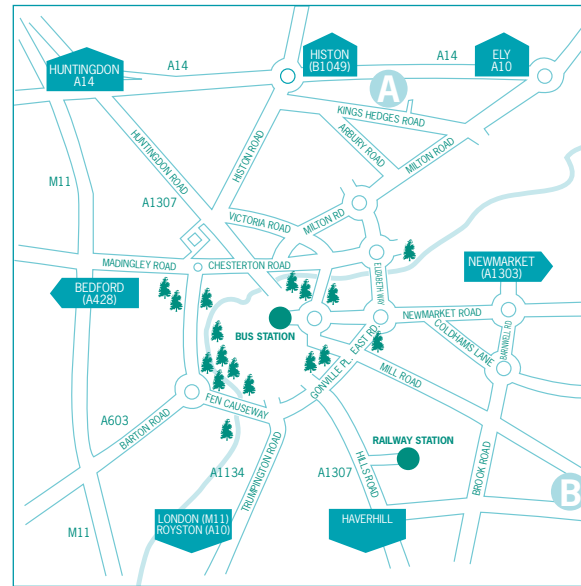

At Cambridge Regional College we work hard to eliminate discrimination and are fully committed to equalising opportunities irrespective of age, gender, race, disability/support needs, sexual orientation, religion or background.

All advice, guidance and support services will be provided impartially and confidentially as appropriate. If we find that we are unable fully to support your needs, we will refer you to other specialist agencies who will be able to help.

We welcome feedback on our services to enable us to continually develop and improve. If you have any suggestions as to how we can improve, we would be pleased to hear from you. Please contact us via the number on this leaflet, or phone our main switchboard and a form will be sent to you.

If you require this information to be available in alternative formats eg large print, Braille, on tape or CD please contact us via the number on this leaflet.

How to find the College

- A: Science Park campus**
Kings Hedges Road
Cambridge
CB4 2QT
- B: Cherry Hinton Hall**
Cherry Hinton Road
Cambridge
CB1 8DW

Schools' Liaison Team

The Schools' Liaison Team

The Schools' Liaison Team act as the main point of contact for secondary schools within the Cambridge and surrounding counties.

Working closely with Academic staff and colleagues from Admissions, Careers, Marketing, Student Services and Work Based Learning. The Schools' Liaison Team promote the College, its courses and facilities to prospective students and school staff by offering a number of services. These include:

College Taster Sessions - which are designed to raise awareness of particular career choices and/or post-16 options. Depending on demand, this can mean students working within an existing group or, if there is sufficient interest, a dedicated class. School staff attend and are responsible for their students. Taster Sessions require at least 6 week's notice to organise.

College Tours - which give students the opportunity to view our facilities, such as the Learning Resource Centre, Student Union and Refectories and find out more about the College in general. School staff attend and are responsible for their students. College Tours require at least 4 week's notice to organise.

Talks at Vocational Carousels - which generally include information about post-16 options, qualifications, courses and services offered at the College and also the application process. Talks are given by the Schools' Liaison Team or, if specific course information is requested, Academy staff (subject to their availability) Vocational carousels require at least 6 week's notice to organise.

Attendance at Post-16 Evenings - which provide students and their parents/carers/guardians with an opportunity to ask questions about the variety of courses on offer and find out more about Further Education in general. These events are organised by the host school and the College is represented at them.

Pastoral Visits to Schools - in order to update staff on future events, course developments and other relevant information - The Schools' Liaison Team arrange regular visits to schools in Cambridgeshire and in surrounding counties.

Connexions and Careers Advisors Event - this annual event for Connexions and school Careers staff, is organised to give colleagues an update of College developments, new course information and an opportunity to meet other colleagues undertaking similar roles.

Schools' Liaison Newsletter - which is published each term and distributed to schools. Recent editions have included articles about student and College achievement, applying to study at the College, student success stories, forthcoming events such as Open Days, Academy Awards and Taster Sessions.

Where to find us

The Schools' Liaison Team welcomes the opportunity to work with school colleagues. If you would like to find out more about the services we offer, please contact:
